

Memor™ X3 Four Slot Dock Charger

NOTE

The user is responsible for any damages caused by incorrect use of the equipment or by inobservance of the indication supplied in this manual.

NOTE

Do not attempt to disassemble the Memor X3 Four Slot Dock Charger, as it does not contain parts that can be repaired by the user. Any tampering will invalidate the warranty.

The Four Slot Dock allows you charge up to four terminals.

Figure 1 – Memor X3 Four Slot Dock Charger

- A) Power LED Indicator (it is green constant when the dock is powered)
- B) Power Jack

MOBILE COMPUTER INSERTION/ REMOVAL

For correct insertion into the cradle, insert the mobile computer from the top of the cradle and push it down.

To remove the mobile computer from the cradle, simply pull it upwards while holding the cradle firmly down.

TECHNICAL FEATURES

Memor X3 Four Slot Dock Charger	
Electrical Features	
Power Supply*	5 VDC \pm 5%
Consumption	Max. 2.5 A
Indicators	Power on LED (green)
Environmental Features	
Working** Temperature	0° to +50 °C (+32° to +122 °F)
Storage Temperature	-20° to +65 °C (-4° to +149 °F)
Humidity	80% non condensing
Degree of Protection	IP50
Mechanical Features	
Dimensions	108 X 310 X 102 mm (4.25 X 12.2 X 4.02 in)
Weight	1178 g (41,55 oz)

* Use only DL approved power adapters

** Battery must be charged at a temperature ranging from 0° to +36 °C (+32° to +97 °F).

COMPLIANCE

FCC Compliance

- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
- This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 - Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Industry Canada (ICES-003) Compliance

This Class B digital apparatus complies with Canadian ICES-003.
Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.
