

## Installation Instructions for Workabout Pro Open-Ended Case

### I. Installation

Note: Installation of the Velcro Patches helps provide a better hold of the Workabout Pro handheld in the Open Ended Case. Failure to use the Velcro Patches as shown may result in user injury or damage to the Workabout Pro handheld. Velcro side will cling to the inside material of nylon case when case is closed.

1. Remove paper backing from Velcro Patch, avoid touching adhesive side as much as possible. See Figure 1.
2. Affix adhesive side to Workabout Pro handheld in smooth flat area to ensure secure grip. Once Velcro Patch is placed do not remove, this will be a permanent placement. See Figure 2.
