- 5.7" LumiBond® display with sunlight readable technology
- Android 5.1 OS
- MIL-STD 810G and IP67 certified
- Dedicated GPS
- 8MP auto-focus camera
- HD web camera
- MIL-STD 461G certified
- NIAP CSfC certified

Secure Tactical Solution

Getac has collaborated with industry-leading partners to develop an ideal solution for tactical operators, including power, communications, device management and NSA-approved file security.

Field Rugged & Reliable

The MX50 was designed from the inside out to be compact, light and tough. It is water-proof and specifically engineered to survive drops, impact, rain, dirt and more.

Designed for Defense

MX50's military ecosystem-friendly design, which features a customizable military connector and a MOLLE chest mount, integrates easily with existing systems and applications.

Mission Critical Secure

MX50 is designed to help protect against known and emerging security threats across the spectrum of attack vectors.

Long Product Life Cycle

MX50 is purpose-built and supported for long life cycles vs. a consumer-grade device, retro-fitted for commercial applications.

Bumper-to-Bumper Warranty

Accidents happen. Only Getac offers bumper-to-bumper coverage standard on every MX50 rugged tablet.

Security Features	NIAP CSfC certified		

Specification subject to change without notice.

* For storage, 1GB = 1 billion bytes; actual formatted capacity less.

** Battery performance will vary based on software applications, wireless settings, power management settings, LCD brightness, customized modules and environmental conditions. As with all batteries, maximum capacity decreases with time and use and may eventually need to be replaced by a Getac service provider. Battery life and charge cycles vary by use and settings.

† Weight varies by configuration and manufacturing process.

†† 3 year bumper-to-bumper warranty standard. For warranty terms and conditions visit www.getac.com
